

29 Oct 2024

Save the date! Next 'Getting to grips with dengue and dengue vaccines' webinar

The date and topic for our next 'Getting to Grips' webinar series has been confirmed

New for 2024, NaTHNaC is running a series of regular, free of charge, webinar sessions on Zoom, available to all health professionals interested in travel health.

We will be discussing recent website updates such as our news items, factsheets or country information pages, disease and vaccination changes, or clinical scenarios from our advice line.

There will be a presentation followed by time to ask questions. These events will be live but also recorded and made available on TravelHealthPro.

The fifth session will be on **Wednesday 4 December 2024 at 1pm; 'Getting to grips with dengue and dengue vaccines'**.

Booking details to follow.
